Company Profile:

„Communication is the basis for any development“

This is the key concept of SAG-Akademie which was founded in 2004.

SAG-Akademie serves as a platform for exchanging knowledge and ideas, and also for communication between companies. Focused on work-related skills and based on the experience of the instructors the workshops will enable participants to gain useful knowledge for their daily work.

Structures and timetables of the trainings can be adapted to the requirements of the customers at short notice. The academy offers practical exercises in a test environment or directly on site as well as tutorials on Health and Safety and environmental issues.
